Installation

Model specific instructions

These instructions are a model specific add-on to the general BoosterPlug installation instructions.

The general BoosterPlug installation instructions can be found in the "Downloads" section on the BoosterPlug.com website:

Installation Tips

- Install the BoosterPlug module as per the general installation papers.
- The pictures below should help you locate the AIT sensor where the BoosterPlug is installed.
- The AIT sensor is located under the head light
- The External sensor on the BoosterPlug is already in the right spot, so you just need to secure it next to the AIT sensor with a zip-tie to prevent it from flopping around.
